

Parker Container Program

Motion and Flow Control Products, North America's largest full-line Parker distributor, gives you direct access to Parker's complete industrial hose lineup – in stock and ready to ship. With our reach, you get speed, reliability, and the right Parker solution when you need it.

Speed that drives success. Quality that never quits. Motion and Flow Control Products – powering your business forward with Parker

- **Reduced downtime:** Fabricate replacement hose assemblies on site.
- **Customized solutions:** Each Parker Container is customized to meet the specific needs of your worksite.

Parker Part # 7216E Translite Tank Truck Hose

- Series 7216E is a lightweight suction and discharge hose that handles oil and refined fuels such as biodiesel (to B20 in dedicated service), diesel, ethanol, and gasoline.
- The hose construction incorporates a wire helix that provides full suction capability, kink resistance, and a path to conduct a static electrical charge to the ground.
- The cover is resistant to abrasion, oil, and weathering.

INDUSTRY:

Tanker Truck
delivery companies

Parker Part # SWC609 Black Or Red

- Series SWC609/SWC609R is an extremely flexible, high-pressure suction and discharge hose designed to handle oil and refined fuels such as biodiesel (to B100 in dedicated service), diesel, ethanol, and gasoline.
- The corrugated hose construction incorporates a dual wire helix that provides full suction capability, superior kink resistance, minimal force to bend, and a path to conduct a static electrical charge to ground.
- The cover is resistant to abrasion, oil, and weathering.

INDUSTRY:

Fuel delivery
companies

Parker Part #7392E Super-Flex Water Suction Hose

- Series 7392E is a lightweight suction and discharge hose that handles alkalis, brine, glycols, herbicides, mild chemicals, slurries, and water.
- The hose construction incorporates a wire helix that provides full suction capability and kink resistance.
- The EPDM cover is resistant to abrasion, heat, mild chemicals, and weathering.

INDUSTRY:

Tanker Truck
delivery companies

Parker Part #7213E BS & W Corrugated Oil Field Suction/Vacuum Hose

- Series 7213E is a flexible, lightweight suction and discharge hose designed to handle brine, crude oil, mild chemicals, petroleum waste, sediments, sludge, slurries, and water in harsh oil field bottom sediment and waste pit recovery applications.
- The corrugated hose construction incorporates a wire helix that provides full suction capability, flexibility, kink resistance, and a path to conduct a static electrical charge to ground.
- The nitrile/SBR cover is resistant to abrasion, oil, and weathering.
- NOTE: Do not use with refined oil or fuel.*

INDUSTRY:

Waste
Transportation
Companies, Water,
Oil Field Waste Pick
Up Companies

Parker Part #SWC693 Series UHMWPE Chemical Hose Note: None FDA, USDA, 3A

- Series SWC693 is an extremely flexible, high-pressure, high-temperature suction and discharge hose designed to handle approximately 98% of commonly used acids, chemicals, and solvents.
- The lightweight corrugated hose construction incorporates a dual wire helix that provides full suction capability, superior kink resistance, minimal force to bend, and a path to conduct a static electrical charge to ground.
- The cover is resistant to abrasion, mild chemicals, and ozone.

INDUSTRY:

Chemical Delivery Companies,
Hazardous Chemical Delivery

Part #SS135 Dry Cement Hose 1/8" SBR Tube

- Series SS135 is a lightweight, low-pressure discharge hose for dry abrasive materials such as cement and powders.
- The static dissipating 1/8" SBR tube provides abrasion resistance.
- The SBR cover is resistant to abrasion, cuts, scuffs, and weathering.

INDUSTRY:

Dry cement, powder,
Lime delivery companies.

Parker Part #SS247 Series SBR Tube Heavy Duty Dry Cement Hose

- Series SS247 is a flexible, heavy-duty discharge hose for dry abrasive materials such as pebble lime and sand.
- The static dissipating 1/4" SBR tube provides abrasion resistance.
- The SBR cover is resistant to abrasion, cuts, scuffs, and weathering.

INDUSTRY:

Dry cement, sand
delivery, and concrete
manufacturing companies.

Parker Part #SW360 Dragon Breath Hot Air Blower Hose

- Series SW360 is a heavy-duty, high-pressure hot air blower hose designed for bulk loading/unloading of dry materials in plants or transport vehicles.
- The hose transfers hot air from a compressor to the storage bin/cargo bay to propel bulk product.
- The hose construction incorporates a tube that features a temperature rating to 350°F (177°C) and resists drying out.
- The dual wire helix provides full suction capability, kink resistance, flexibility for ease of handling, and a path to conduct a static electrical charge to ground.
- The cover is resistant to abrasion, heat, and ozone.

INDUSTRY:

Dry goods
transportation,
manufacturing, and
cardboard box
manufacturers.
